Folks,

Just got this from CBP. Special requirements for the warehouse that is being leased in McAllen. Border Patrol wants to use this warehouse for UAC only (UnAccompanied Children) See the special requirements attached.

Barney

Here's what I received a few minutes ago that I'll be working with Sector on for the warehouse

As requested, attached are a couple of cell layout options and a warehouse concept layout showing how we can install cells for (b)(7)(E) detainees. I heard there is office space on the east side of the warehouse but I haven't seen a plan for it. GSA was doing all their work over the week end so, they didn't have the ability to get actual dwgs.

There is nothing cast in stone for any of the dwgs -- they were just provided so someone would have something to react to

Call if you'd like to discuss. I've told the Chief Architect that you were providing space requirements to Sector this AM
